Interim Agricultural BMP Definitions and Effectives Values\_082010\_.doc

Good Evening Teresa and Matt,

Thank you again for your recent questions related to the TMDL WIP for West Virginia. I have enclosed a document describing a number of provisionally approved interim agricultural BMPs that have been submitted to the CBPO for consideration in WIP scenarios. Although they are subject to change prior to formal adoption by the partnership following the BMP Protocol process, there may be several BMPs that would have potential application in West Virginia's WIP.

Thank you for your time and consideration. Should you have any further questions, please contact Chris Brosch and me at your convenience. Thanks!

*Mark P. Dubin*
